#### 5. RecoverIQ™ – Sales Tax Compliance Statement

- RecoverIQ™ Foundation LLC is a Wisconsin-based company and operates in accordance with all applicable sales tax laws and regulations.
- **Digital Products:**  
No sales tax is collected on digital-only products that are included as part of a paid subscription. These include non-downloadable and downloadable materials (such as eBooks, audiobooks, digital journals, and educational courses) accessed through the RecoverIQ™ web-based platform. These materials are provided for educational purposes and are included in the subscription fee as part of the overall service, and thus are not treated as taxable standalone items. However, if any digital product is sold separately in the RecoverIQ™ digital store — outside of the subscription service — it is treated as a taxable retail transaction in states such as Wisconsin where digital downloads are subject to sales tax.
- **Physical Goods:**  
If a customer purchases physical merchandise (e.g., printed books, apparel, or accessories) that is shipped to a location where sales tax is required by law, the applicable state and local sales tax will be calculated and displayed at checkout.
- **Discounts and Tokens:**  
When reward tokens or promotional discounts are applied to a purchase, sales tax will be calculated

- based on the final amount paid in fiat currency, in accordance with applicable tax laws.
- **Shipping Responsibility:**  
Customers are responsible for providing accurate shipping address information to ensure correct tax calculation based on the delivery location.
- **Tax Compliance Review:**  
RecoverIQ™ Foundation LLC regularly monitors its tax obligations and will update its sales tax collection procedures in compliance with economic nexus laws in Wisconsin and other jurisdictions.

## 6. PATRIQ™ Token

- **Utility Token:** PATRIQ™ is a non-financial, service-based utility token issued exclusively for activities completed within the App, including educational modules, check-ins, and habit tracking.
- **Non-tradable:** PATRIQ™ tokens are not tradable for fiat currency and cannot be transferred for use on external exchanges. They are solely redeemable within the App for premium content and in-app purchases.
- **Earning PATRIQ™:** Tokens can be earned by completing various tasks and activities within the App, including daily check-ins, journaling, attending meetings, and referring friends.  
“PATRIQ™ tokens are not listed on any public exchange, including Pancake Swap, for trading or speculation. RecoverIQ™ strictly prohibits trading or listing PATRIQ™ tokens on decentralized exchanges or other secondary markets. Tokens are designed solely for inapp use.”  
“While PATRIQ™ tokens may be transferred to approved external wallets for display purposes, such tokens cannot be traded, sold, or listed on secondary markets. Any attempt to trade PATRIQ™ outside the RecoverIQ™ ecosystem violates the Terms of Service and may result in loss of token utility.”  
“RecoverIQ™ has allocated a portion of PATRIQ™ tokens to its team for operational purposes. These tokens are subject to a 12-month vesting schedule and are not intended for speculative trading. Team allocations do not confer rights to dividends, profits, or equity ownership, and no public sale of team tokens is planned.”  
“PATRIQ™ tokens earned through subscriptions are loyalty rewards with in-app utility only. Subscriptions are not investments, and RecoverIQ™ does not guarantee any increase in

the value of tokens.”

“RecoverIQ™’s referral program provides tokens strictly as rewards for promoting user engagement. PATRIQ™

tokens are not financial instruments and hold no monetary value outside the RecoverIQ™ app.”

“PATRIQ™ tokens associated with accounts inactive for 12 consecutive months may be reclaimed by

RecoverIQ™. Users with verified ongoing recovery programs may request exceptions. Clawbacks ensure

the token economy remains active and fair.”

“Important Legal Notice

PATRIQ™ tokens are designed solely for use within the RecoverIQ™ ecosystem. They do not represent

financial investments, shares, or securities. No expectation of profit, appreciation in value, or financial

return is offered or implied. PATRIQ™ tokens cannot be traded on public exchanges or converted into fiat currency.

The information provided in this document and related materials is for informational purposes only and

does not constitute legal, financial, or investment advice. The legal status of digital assets, including utility

tokens, is evolving. RecoverIQ™ makes no guarantees that regulatory agencies will agree with its classification of PATRIQ™ as a utility token.

Any transfer of PATRIQ™ tokens outside of the RecoverIQ™ app ecosystem, including transfers to

decentralized exchanges or public trading platforms, is strictly prohibited and may result in loss of token utility and account suspension.”
